WL5-WP MiBOXER wodoodporny 5-in-1 WiFi LED sterownik

Cena	199,00 zł
Dostępność	Dostępność - 3 dni
Czas wysyłki	14 dni
Numer katalogowy	2661
Producent	Mi.Light

Opis produktu

- **Product Name: Waterproof 5-in-1 WiFi LED Controller**
- Model No.: WL5-WP
- Input Voltage: DC12V~36V
- Output: 6A/Channel
- Total Output Max: 20A
- Communication Mode: WiFi-IEEE 802.11b/g/n 2.4GHz
- RF: 2.4GHz
- Remote control distance: 30m
- Working Temperature: -20~45°C
- IP Rate: IP67

Waterproof 5-in-1 WiFi LED Controller

APP control | 2.4GHz remote control | Support third-party voice control

16 million colors

Color temperature

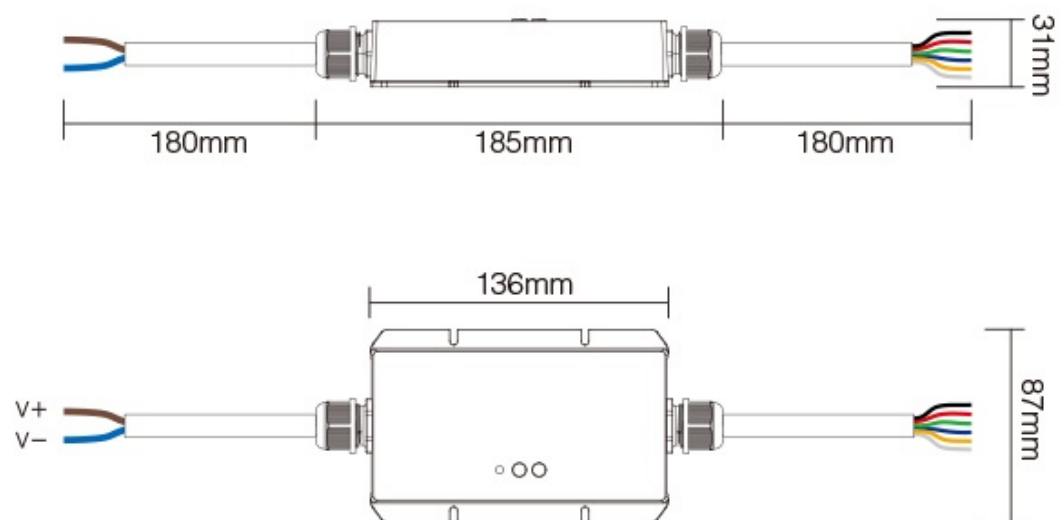

Dimmable
Saturation

Signal transmitting &
Modes synchronization

IP Rate

5 output mode selection

Key switch | APP switch

Brightness mode

Color temperature mode

RGBW mode

RBG+CCT mode

IP67 waterproof rating

Waterproof design, eliminates potential safety hazards and makes use safer

16 million colors | Saturation adjustment

Easily create the lighting atmosphere you want to meet the needs of different scenarios

Brightness adjustment

Adjust the brightness of the LED light through the remote control or mobile phone APP

Adjust warm white to cool white randomly

Adjust the color temperature from 2700K-6500K, make the light you want

2700K
incandescent light

3400K
Studio track light

5500K
Midday sun light

6500K
Fluorescent light

2.4GHz remote control

The 2.4GHz remote control can be used to control the lamps
and the control distance is up to 30m

Compatible with

FUT089

FUT088

FUT092

FUT096

B8

B4/T4

B3/T3

B0

WL-Box1

Support Smart phone APP control and third party voice control

It need 2.4GHz gateway(WL-Box1) for smart phone control or third party voice control

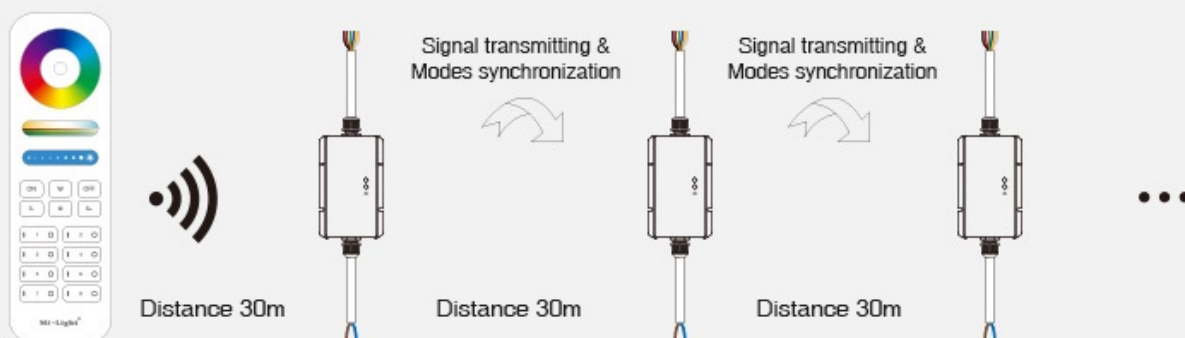

Signal transmitting

One controller can transmit the signals from the remote control to another controller within 30m, as long as there is a controller within 30m, the remote control distance can be limitless.

Modes synchronization

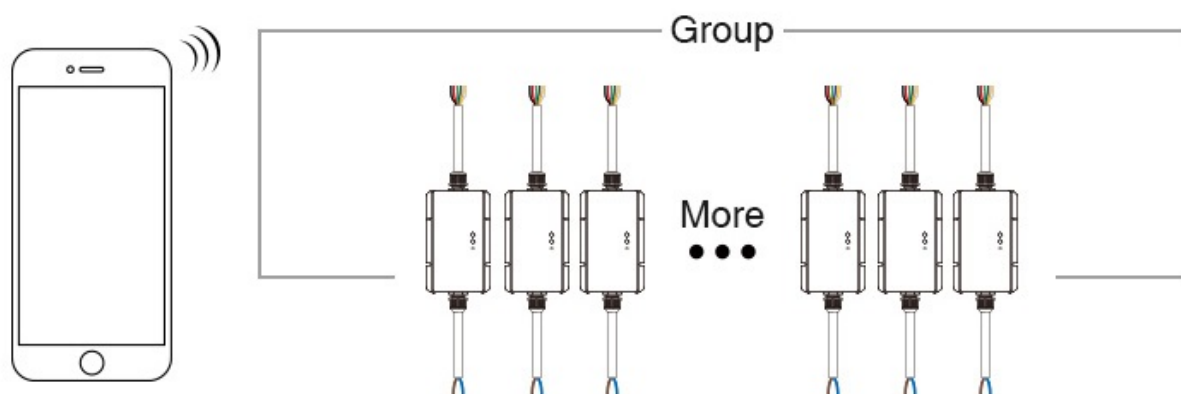

Different controller can work synchronously when they are started at different times, controlled by the same remote, under same dynamic mode and within 30m distance.

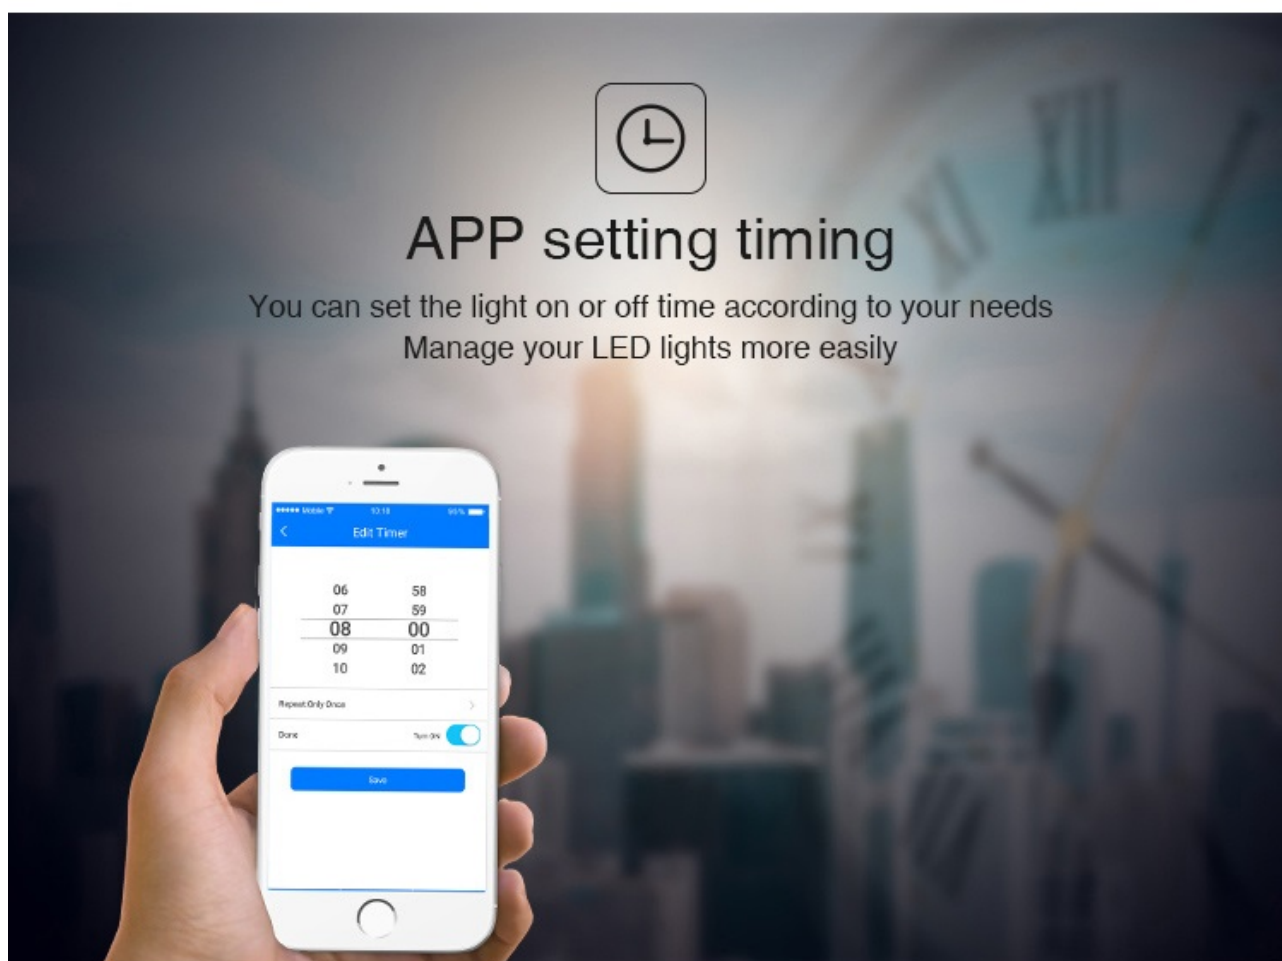

Group equipment can be added

The LED lights can be grouped through the mobile phone APP or remote control
Can control multiple LED lights at the same time and
Independent control for each group

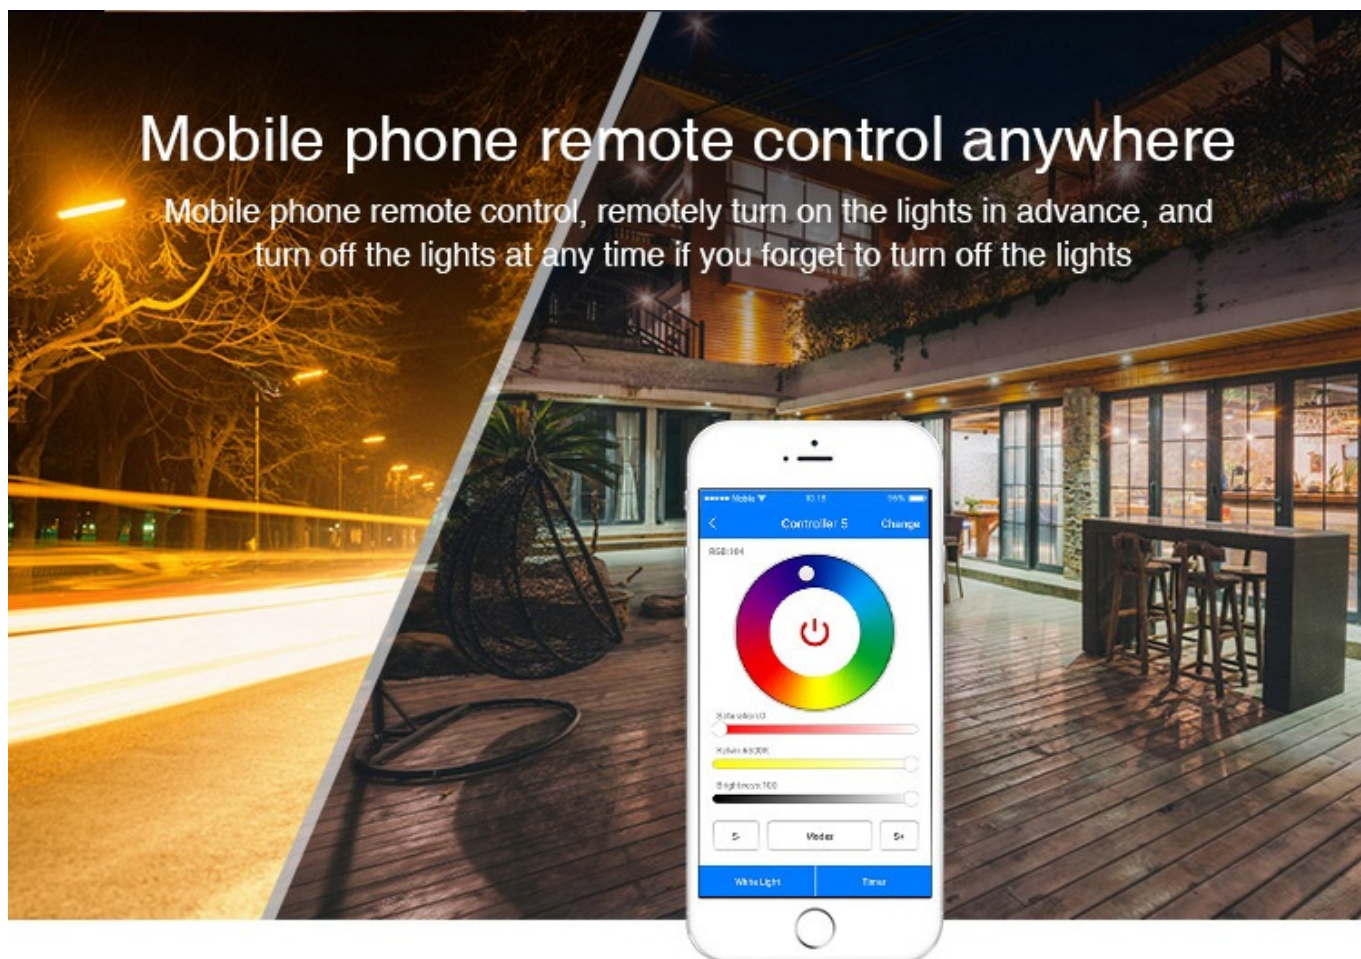

APP setting timing

You can set the light on or off time according to your needs
Manage your LED lights more easily

Mobile phone remote control anywhere

Mobile phone remote control, remotely turn on the lights in advance, and turn off the lights at any time if you forget to turn off the lights

Power Input Brown: V+ Blue: V-

Input Voltage: DC12V~36V
